EDUCATION

B.E. Civil Engineering

Tribhuvan University

Score: 67.28%

+2 (Higher Secondary)

Arniko Awasiya Secondary School

Score: 74.4%

SLC (Secondary Level)

Sharada Boarding School

Score: 83.13%

SKILLS

Software: ETABS, Revit, AutoCAD

Programming: Python

Productivity: MS Office Suite

Core: Project Planning, Quality & EHS Management, Structural Design, Site Supervision, Team Leadership

PROFILE SUMMARY

Civil Engineer with over 2 years of hands-on experience in structural design, site execution, and Quality/EHS management across building and telecommunications infrastructure projects. Skilled in structural analysis (ETABS), design detailing (Revit, AutoCAD), and process/quality control, with a growing interest in applying programming (Python) to engineering workflows. Brings a detail-oriented, standards-driven approach to technically demanding roles.

PROFESSIONAL EXPERIENCE

Quality and EHS Manager

Feb 2026 – Jul 2026

ZTE Nepal Pvt. Ltd.

- Formulated comprehensive quality and health & safety (EHS) planning schemes, including demonstration-site photo documentation for site standards.
- Organized pre-engineering training programs for subcontractors and led post-training evaluations.
- Directed overall project quality control and ensured EHS practices met the highest safety standards.
- Led and managed the quality and subcontractor teams, driving accountability and performance.
- Supervised construction, installation, commissioning, and acceptance of telecommunication sites.
- Produced regular quality/EHS problem classification reports and reviewed spot-check findings for accuracy.

EHS and QC Engineer

Aug 2025 – Feb 2026

ZTE Nepal Pvt. Ltd.

- Conducted quality control checks and EHS inspections across active telecom site installations.
- Assisted in developing site safety protocols and quality checklists aligned with company standards.
- Reported on-site non-conformances and coordinated corrective actions with subcontractor teams.

Civil Engineer

Jan 2023 – Jul 2024

Joshi Nirman Private Limited

- Carried out structural analysis and design of RCC buildings using ETABS, optimizing member sizing and reinforcement detailing.
- Prepared structural drawings, BOQs, and cost estimates for multiple residential and commercial projects.
- Coordinated with architects and site teams to resolve structural design conflicts during construction.
- Supervised site execution to ensure structural work met design specifications and quality standards.

Civil Engineer (Intern)

Oct 2022 – Jan 2023

Engic Group of Company Pvt. Ltd.

- Assisted in structural analysis and design of RCC building elements using ETABS, ensuring compliance with relevant design codes.
- Prepared and reviewed structural drawings and detailing in AutoCAD and Revit under senior engineer supervision.
- Supported quantity take-offs and material estimation for ongoing structural projects.
- Conducted site visits to verify structural work against approved drawings.
